

# BL Series Refresh Kit

With a view to a constant improvement of the quality of our products and their adaptation to the technical equipment of the current ranges of industrial vehicles, we inform you that the fixing kits of the BL series tanks have been improved by creating new fixing supports that guarantee a better coupling with the tank and new stainless-steel bands whose details are illustrated below.

<b>WAS</b>	<b>BECOMES</b>
<p>Long flap</p> <p>Sharp edges</p> <p>Asymmetrical fold</p>	<p>Diameter reduction to improve pin coupling and reduce material injury</p> <p>Shorter flap</p> <p>Radiated terminal</p> <p>Symmetrical bend to reduce material tensions</p> <p>Closer weld points</p>
<p>Unassembled rubber sheath</p>	<p>Mounted rubber sheath</p>

These changes necessitated the creation of new ordering codes as shown in the table below.

<b>Tank mounting kit FUEL</b>			
<b>WAS</b>		<b>BECOMES</b>	
<b>135903BLLX9</b>	Complete tank kit BL 65X65 series - 3 brackets	<b>135903BLLXC</b>	Complete tank kit BL 65X65 series NEW - 3 brackets
	<b>Spare parts</b>		
	R1	<b>538200BL1X2</b>	
R2	<b>50620001001</b>	Rubber protection	
R1+R2	<b>135990BL1X0</b>	Stainless steel strap + Protection EPDM for tank	
R2	<b>50620001008</b>	Protection for oil tank strap

		<b>538205BLLG5</b>	Right bracket (135 lt)	
		<b>538205BLLG8 (SCANIA)</b>	Right bracket Kit 135903BLLXE	
R5	<b>13590105081</b>	Screws and nuts kit		

The old codes are placed at the end of the series until the stocks are completely exhausted. The transition times will therefore vary depending on the model.

Our sales/technical office is available for any further information you might require.
